

Open you social center and scroll down to the bulletin section  
do a right mouse click on the headline and click „**open in new tab**“  
i think it's like „Ouvrir dans un nouvel onglet » in french or it's « in neuer Registerkarte öffnen »  
in german

you have 2 tabs now and you can switch between the old one and the new one with your mouse

in the new tab copy the head line „Wednesday: Satisfaction.....“  
then switch back to the old tab and paste the headline in the text field where it says „type new subject here“

The image shows a screenshot of a social media or community page. At the top, there is a header for "THURSDAY". Below this, there is a featured event titled "Topless Tuesday Party" by ArianeB\_Star, scheduled for Satisfaction\_Brothel and Strip Club at 5:00 PM. A "More Events" link is provided. The "Resources" section contains four icons: a book for "LEARN", a magnifying glass for "FIND", two hands shaking for "MEET", and a wrench for "BUILD". The "Bulletins" section features a text input field with the placeholder "Type new subject here", which is highlighted by a large red arrow. Below the input field are three bulletin entries, each with a profile picture, name, and timestamp:
